

Air Eliminators—GoldTop Air Vent

GoldTop™—Universal Air Vent for Residential and Commercial Heating and Cooling Systems.

Installers, wholesalers and OEM's can now stock one vent for all their venting needs between 1 and 150 psi systems and obtain the highest venting performance. Sparco has reinvented the vent! Air vents have been removing air from heating and cooling systems for decades. Some were better than others. Many stopped venting after initial filling. No one has, up to now, been able to design a low

cost vent that performs at both low and high pressures. It was always one or the other. Sparco's revolutionary patented fulcrum design offers a venting rate of 3-4 times that of other products. It works when others stop venting at higher pressures. The GoldTop is field serviceable, offers convenient, one-fits-all concept and is competitively priced.

• Patent No. 5,988,201.

Connection Type: NPT

Material: Brass

Maximum Pressure: 150 psi; 1034 kPa

Weight: 0.18 kg; 0.4 lb

Dimension: 1 27/32 in. high, 3 1/4 in. long; 24 mm high, 83 mm long

Venting Rate Comparison Data

ORDER NUMBER	Description	Size
FV180	Gold Top. Size - 1/8 in. NPT	1/8 in.
FV180A	Gold Top. Size - 1/4 in. NPT	1/4 in.
FV183	Gold Top. Size - 3/4 in. NPT	3/4 in.

Honeywell Sparco/Braukmann products are sold via independent Manufacturer Representatives.
